

Dishwasher Metos WD-6+DD 440/3PE/60 Marine

Product information

SKU	4246077
Product name	Dishwasher Metos WD-6+DD 440/3PE/60 Marine
Dimensions	600/695 × 657/700 × 1430/1880 mm
Weight	93,000 kg
Technical information	440 V, 9,75 kW, 3PE, 60 Hz HW: 1/2" Drain: ø 50 mm

Description

- hoodtype of dishwasher
- noise and heat insulated
- electronic control
- three washing cycles. Possibility to programme washing and rinsing times as well as rinsing temperatures. This makes it possible to have e.g. an own programme for fine porcelain having a lower rinse temperature
- hygiene warranty: machine indicates too low temperatures and continues washing if rinsing temperature is too low
- good rinsing result is always secured: machine controls the rinse water flow and it indicates too low a flow to the user
- easy to use: machine warns of a closed tap and of a misplaced overflow tube
- digital control panel shows the daily and total amount of washed racks: it also displays the programme, temperatures and washing time remaining

- easy to keep clean: automatical cleaning programme
 - unique hood prevents the steam from evacuating against the face of the user when the hood is opened
 - wash arm empties it self from washing water when rinsing starts, this quarantees a sparkling rinsing result
 - washing arms are self cleaning
 - rack size 500 x 500 mm
 - washing cycle starts when the hood is closed
 - tank volume 50 l
- Standard equipment:
- rinse aid dispenser
 - plate rack
 - cup rack
 - utensil rack
 - detergent dispenser for liquid detergent
- Extra equipment:
- water connection pipe with stop cock, non-return and vacuum valves
 - steam hood which is connected to the machine: steam is released to the ventilation channel instead of the dishwashing room
 - machine with a booster pump
 - machine with a drain pump
 - cold water connected machine
 - automatic control of the ventilation fan
