

## Dishwasher Metos WD-7 400/3PE/50 Marine

### Product information

---

SKU	4246082
Product name	Dishwasher Metos WD-7 400/3PE/50 Marine
Dimensions	660/761 × 657/720 × 1540/2080 mm
Weight	103,000 kg
Capacity	a. 50 racks/hour
Technical information	400 V, 16 A, 10,1 kW, 3PE, 50 Hz HW: 1/2" Drain: ø 50 mm

### Description

- hood type combi-dishwasher
- machine has both normal and potwash pressures
- machine's extra width (660 mm) makes it suitable also for GN-containers and 600 x 400 transportation boxes
- free height 500 mm
- noise and heat insulated
- electronic control
- three washing cycles. Washing and rinsing times as well as rinsing temperatures can be programmed. This makes it possible to have a separate programme e.g. for potwashing
- hygiene warranty: machine indicates too low temperatures and continues washing if rinsing temperature is too low
- good rinsing result is always secured: machine controls the rinse water flow and it indicates too low a flow to the user
- easy to use: machine warns e.g. of a closed tap and of a

- misplaced overflow tube
- digital control panel shows the daily and total amount of washed racks: it also displays the programme, temperatures and washing time remaining
- easy to keep clean: automatic cleaning programme
- unique hood prevents the steam from evacuating against the face of the user when the hood is opened
- wash arm empties it self from washing water when rinsing starts, this quarantees a sparkling rinsing result
- washing arms are self cleaning
- rack size 500 x 500 mm
- washing cycle starts when the hood is closed
- tank volume 52 l
- Standard equipment:
- detergent dispenser for liquid detergent
- rinse aid dispenser
- plate rack
- cup rack
- utensil rack
- Optional accessories:
- water connection pipe with stop cock, non-return and vacuum valves
- steam hood which is connected to the machine: steam is released to the ventilation channel instead of the dishwashing room
- machine with a booster pump
- machine with a drain pump
- cold water connected machine
- automatic control of the ventilation fan
- rack for 8 pcs of baking plates (450 x 600 mm)
